A Message From Society President Nichols

We hoped this fall would bring more normalcy to campus and with the return to our traditional schedule, we achieved this in many ways, even as the global pandemic and local case numbers of COVID-19 kept the need to wear masks and expand our expertise with the occasional Zoom meeting that continued to be part of our campus life. Throughout the pandemic, the library has continued to serve as a constant…a valuable resource for needed materials and a place to explore information from current events to supplemental course materials to readings that allowed us to escape into the pages of a book in person or online in digital format 24/7 whenever needed.

The Woodward Library Society works to support the university library and achieves this goal in part with the generous support of members and through the interesting and engaging presentations that focus on university and local authors and artists. The Woodward Library Society is looking forward to our Winter Program when we will host our first traditional event since the onset of the pandemic. Please mark your calendars now to join us on February 15th at 5 p.m. as we share the scholarly and creative achievements of our talented faculty, staff, and students. The Society Board and I wish you a very healthy and happy holiday season full of good memories and cheer.
